

## :: SMIL HEALTH CARE CONFERENCES

Scottsdale Medical Imaging sponsors several monthly conferences on a variety of topics. Attendance and participation by all interested physicians and allied staff is encouraged and welcomed. The following is a summary of available conferences.

**PET SMART** – The PET SMART conference is an interactive conference showcasing the incredible power and utility of PET in the evaluation, staging, and treatment of oncologic and other disease processes. In addition to commentary and insight by fellowship-trained nuclear medicine specialists, a dedicated pathologist periodically attends and supplies direct radiologic-pathologic correlation on interesting cases. CME credits are provided.

**Breast SMART** – A self-guided review of unique breast imaging cases taking participants through patient history, imaging preformed and pathology results. CME credits are provided.

**Orthopedic** – This conference is directed towards the imaging of orthopedic disease. Imaging studies on active cases are reviewed including in-depth discussions on the radiographic appearance of orthopedic pathology by fellowship-trained musculoskeletal radiologists. Clinicians also provide input as to the appropriate therapy and treatment options for these patients.

**Podiatry** – The podiatry conference centers upon imaging of disease of the foot and ankle. This conference is an interactive conference between the musculoskeletal radiologists and podiatrists and evaluates the imaging appearance, treatment and outcomes of podiatric pathology. Interesting active cases are displayed and discussed in depth. CME credits are provided.

## ACR APPROPRIATENESS CRITERIA®

The ACR Appropriateness Criteria® are evidence-based guidelines to assist referring physicians and other providers in making the most appropriate imaging or treatment decision. By employing these guidelines, providers enhance quality of care and contribute to the most efficacious use of radiology.

To access the ACR Appropriateness Criteria, log on to [www.esmil.com/access.html](http://www.esmil.com/access.html)
