IMPORTANT COVID-19 UPDATE: Elective Screening Services Temporarily Suspended

Dear Referring Physician,

In accordance with the guidance from the Centers for Disease Control (CDC), American College of Radiology (ACR) and the Centers for Medicare and Medicaid Services (CMS), we are temporarily suspending non-urgent screening exams, including but not limited to DEXA, Mammography, select Ultrasound and Cardiac Calcium Scoring exams at all of our locations until further notice. **We will continue to perform diagnostic mammography, diagnostic breast ultrasound, breast biopsies and all other full-service imaging at our Centers.**

Patients currently on our schedule for these exams will be contacted today and rescheduled for the week of May 4th.

We have enhanced our patient screening procedures, both over the phone and at our locations, took necessary precautions in our Centers to increase social distancing and cleaning procedures for all of our other patients.

We will continue to monitor the situation and review this decision on a weekly basis. We appreciate your support of these actions to protect our patients, employees, physicians and community.

Please contact us at (480) 425-5030 if you have any questions.

SMIL looks forward to continue serving you and your patients.

Thank you for your continued trust and partnership,

Rod Owen MD, Ron Newbold MD, and Michael Douglas, CEO
SMIL Board of Directors
